Unblock a single downloaded File

Microsoft[®] released an update to block by default Office files downloaded from the Internet, from loading automatically.

To unblock a single downloaded file, the following steps can be followed:

- [1] Right-click on the downloaded File and click **Properties**.
- [2] Mark the Unblock checkbox near the bottom of the form and click OK.
- [3] Then load the macro-enabled Office file.

X	Cascade_R4_0	
Type of file:	Microsoft Excel Macro-Enab	led Worksheet (xlsm)
Opens with:	Excel	Change
Location:	C:\Users	
Size:	488 KB (500.150 bytes)	
Size on disk:	492 KB (503.808 bytes)
